

Promote Your Mission.
Reward on Your Values.

The Goals

Optimizing the workforce to be motivated to help the company achieve greatness.

All for One Mentality

Ensure all staff are aligned around a shared sense of principles

A Trackable System

Who redeemed what and for how much? Keep track of years of reporting in one system.

Retain Top Staff

Recognize tells you who are your top employees and at the same time helps you keep them.

Engaged Workforce

Employees with a purpose result in being more profitable employees.

Why Employee Recognition Is Important

Research from Gallup, McKinsey & Company, and U.S. Bureau of Labor Statistics shown a company culture drives profits.

Staff Expect Recognition

85% of employees expect recognition from their manager on an ongoing basis.

Join a Company, Leave a Manager

90% of employees who were given recognition by their boss in the past month stated that they trusted that boss more.

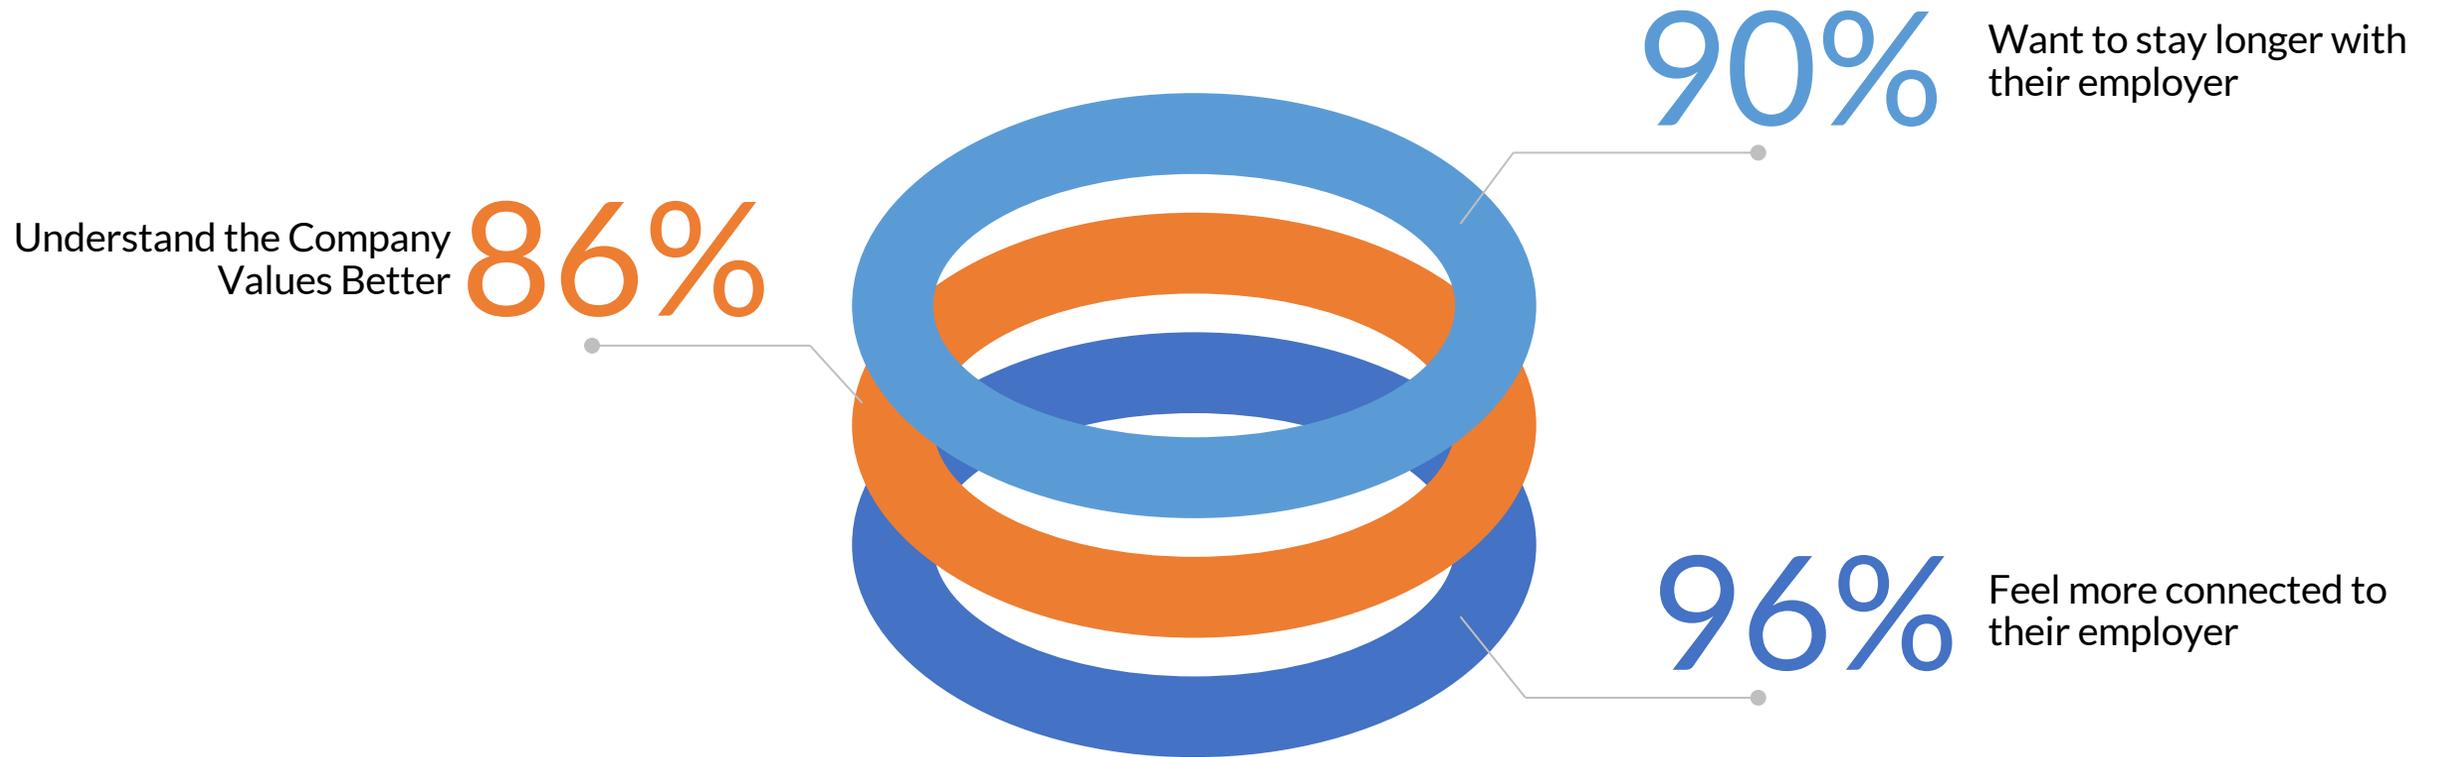

Sense of Purpose Over Salary

59% of employees would prefer companies with a rich recognition culture than jobs with higher salaries that don't give any recognition.

Benefits of Recognize

Recognize isn't an IF, it is a WHEN. When does your company want to start benefiting from motivating the workforce?

Recognize Testimonials

Go to G2, Capterra, or recognizeapp.com to see what people are saying about us.

“Recognition is public, so it quickly solves a supervisor’s or employee’s question about how to value the work and good practices of the staff.”

“It ensures all team members through out the organization receive recognition.”

“It motivates people to try their best, and to work harder. It’s been an amazing new idea.”

“It’s easy to use and a great way to encourage your employees to do a good job.”

Employee Engagement Strategy

Recognize provides the tools to promote and engage your staff around positive change and company values.

Peer recognition

Automate and make part of your culture to officially thank great work.

Manager recognition

Recognize reminds managers each month to recognize their top employees.

Automated milestones

Reward years of service without thinking about it.

Automated rewards w/ reporting

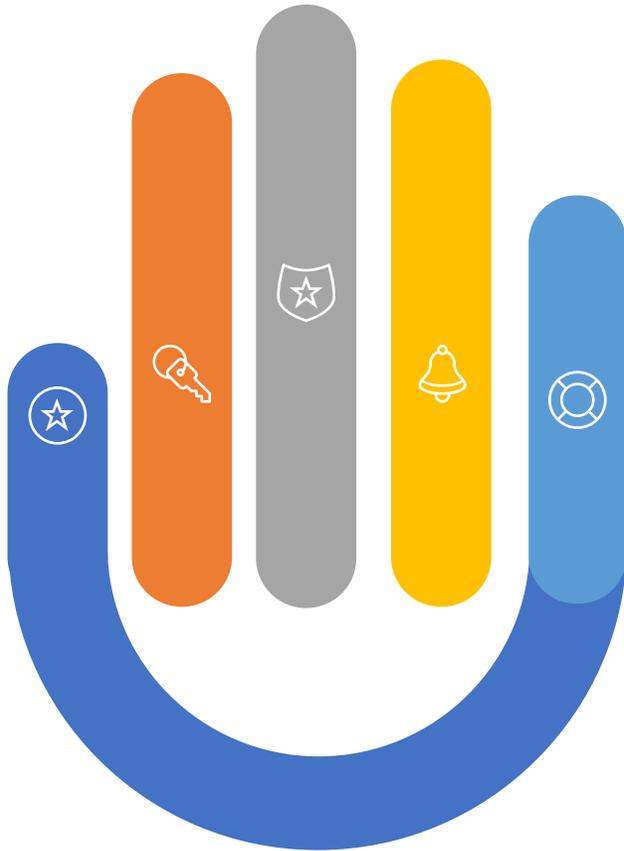

Don't wait for someone to do something, allow the employee to pick a reward they want. Get the accounting around that.

Inside your existing toolset

Never hear the excuse, we don't know how to find it. Make Recognize apart of your workflow in MS Teams, Workplace, and other enterprise tools.

Putting Your Company Values to Work

Put your KPIs to work across the organization by utilizing Recognize's unique value-driven, mission-focused program. Add any values to the program to be promoted by staff via recognition and rewards.

ROI Values

Cost Savings

Safety

Sustainability

Leadership

Excellence

Major Abilities of Recognize

Five engagement programs and 150 settings to make Recognize be your own program promoting your company.

Use Recognize inside tools you already use. We are in five Microsoft App Stores.

150 different settings and configurations to be customized to you

Provides reporting on points, rewards, recognition. You own your data.

Make your program non-monetary or monetary. We have strategies for both.

Set it and forget it birthday, months, and years milestones.

Based on your Company Values you add to the program. Keep it fresh!

Utilize the five major engagement strategies in Recognize to propel your KPIs.

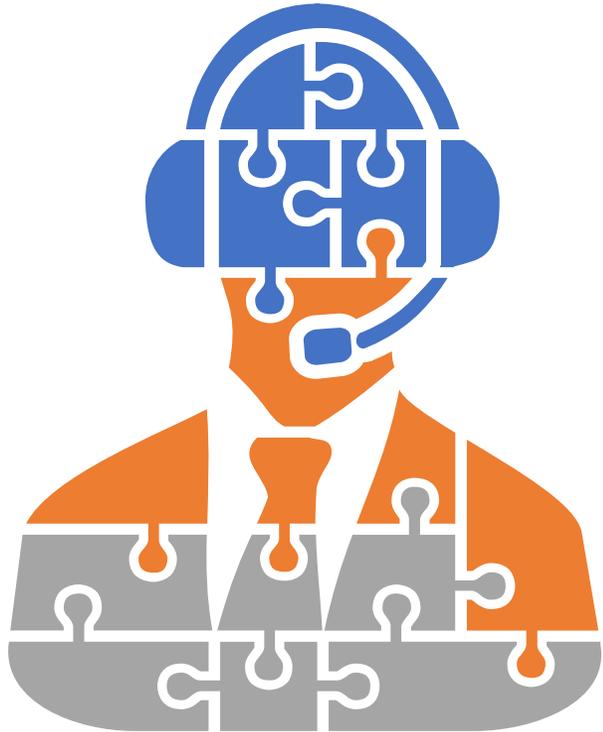

You choose the points to dollar ratio. Add other currencies for international staff.

Post recognitions automatically to MS Teams and more.

24hr Support Time

Recognize Team is here to support you.

Answer same day or within 24hrs

Rather than depend on your team to keep the program going, Recognize's development and support staff are there to help keep your employee recognition apart of your culture.

Technical support available

IT professionals are on-call to help implement an employee rewards system by teaching your IT how to add integrations like Recognize.

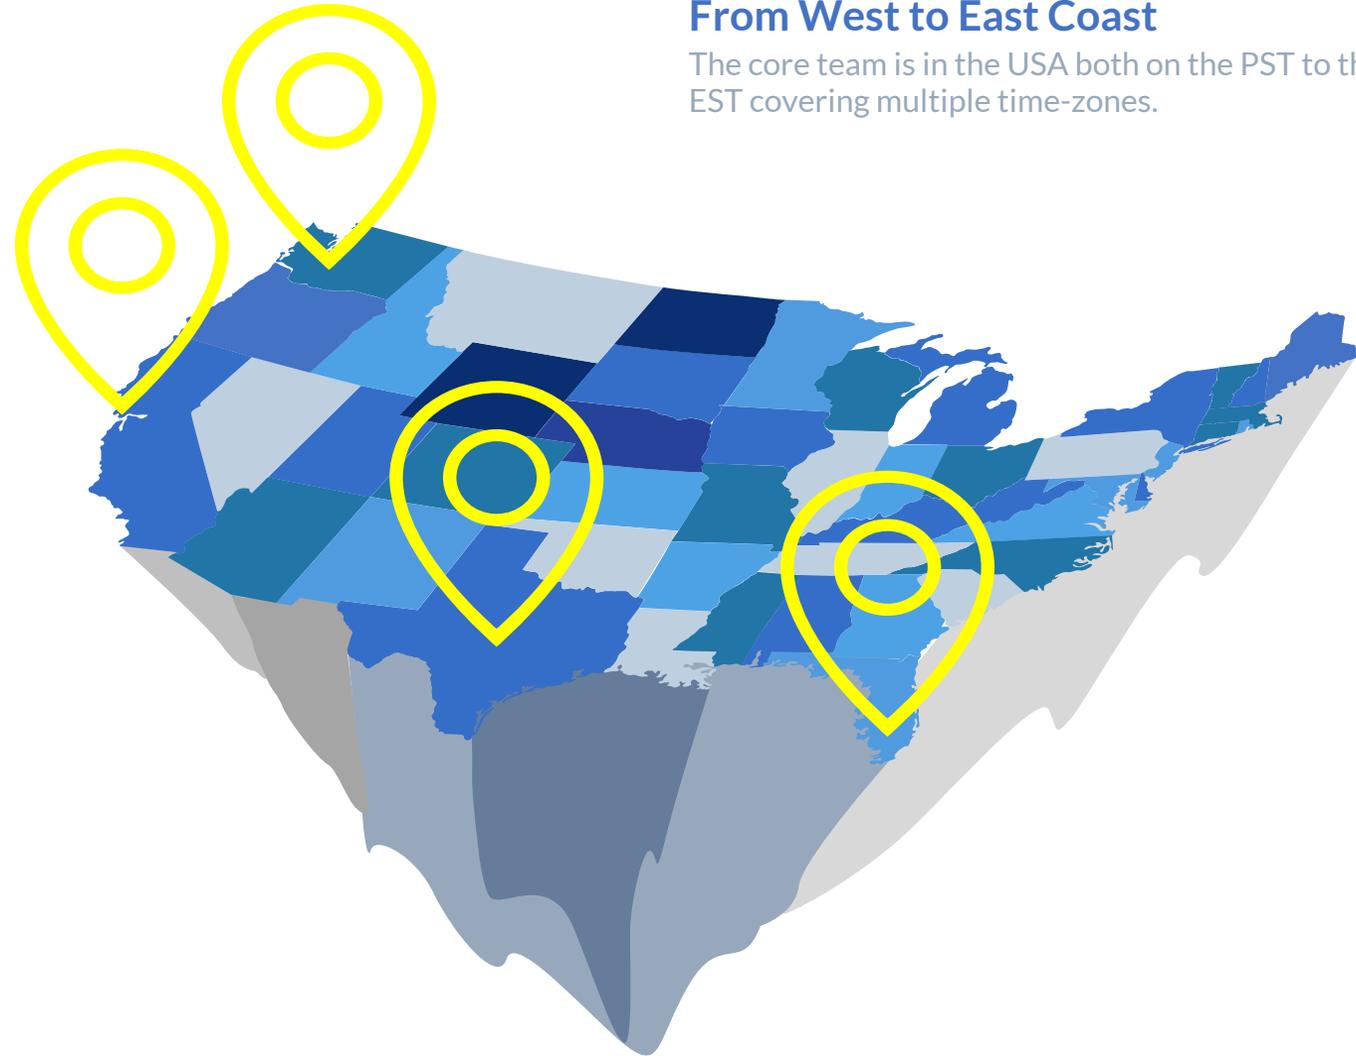

Real-time status updates

Check out Recognize's monthly Product Updates and stats on uptime. Visit <https://recognizeapp.com/help> for more.

USA Based

Our effective team is spread across the USA as well as a fantastic engineering based in Nepal.

All employees with access to data are in the USA, have gone through background checks, and trainings. We are employee engagement specialists.

From West to East Coast

The core team is in the USA both on the PST to the EST covering multiple time-zones.
